### Professional Summary

10+ years running a precision tattoo studio — now applying that same obsessive detail to code. Actively grinding Frontend Simplified: shipping responsive pages and JS-driven apps every week. Ready to ship production code Day 1 in a junior front-end role.

### Experience

#### Owner & Lead Tattoo Artist

Tattoos by Isaac M LLC — Honolulu, HI

2015 – Present

- Designed & executed 500+ custom pieces under tight deadlines with zero margin for error
- Full project lifecycle: client requirements → revisions → final delivery
- Built and maintain tattoosbyisaac.com (live client-facing site)

### Skills

HTML5 · CSS3 (Flexbox, Grid, responsive/mobile-first) · JavaScript (ES6+, DOM, event listeners)

Git & GitHub · Browser Dev Tools · Pixel-perfect implementation

*In progress:* React, API integration, modern frameworks

### Projects (all public on [github.com/i.p.mcknz33](https://github.com/i.p.mcknz33))

**Responsive Business Landing Pages** – Clean, mobile-first portfolio pages from scratch

→ [github.com/i.p.mcknz33/responsive-landing](https://github.com/i.p.mcknz33/responsive-landing)

**Interactive JavaScript Apps** – Real-time DOM manipulation and persistent state

→ [github.com/i.p.mcknz33/js-interactive](https://github.com/i.p.mcknz33/js-interactive)

**Live Tattoo Studio Site** – [tattoosbyisaac.com](https://tattoosbyisaac.com) (weekly JS upgrades)

### Training

**Frontend Simplified Bootcamp** – 2025 – Ongoing

**The Art Institutes** – Graphic Design, 2014
